

ORGANIC RECOVERY  
AND BIOFUELS

**US Composting Council**  
Seal of Testing Assurance®

## Wilbros Compost

- Premium quality compost made from yard trimmings, brewers waste, and food waste where temperatures are held above 131°F for over 15 days and turned a minimum of 5 times to meet EPA standards.
- PH adjusted by using Organic Biomass burning boiler ash.
- Nitrogen adjusted by using feather, meat, blood and poultry meal.
- Compost contains a variety of nutrients that provide valuable organic matter to soil, making it easier to work, improving water-holding capacity an increasing productivity.

### PRODUCT SPECIFICATIONS

pH	6.0-7.0
C/N ratio	<20
E. C. (mmho/cm)	<3.5
Organic Matter (%)	50-60
Nitrogen (%)	1.6-2.5
Phosphorus (%)	.5-2
Potassium(%)	.1-1
Calcium (%)	.5-1.5
Magnesium (%)	.05-.2
Total Bacteria (µg/g)	1000-2000
Total Fungi (µg/g)	800-1200
Sand (%)	<10
Cucumber Test (%)	100

### Product Use

Evenly spread compost at a 2" layer and incorporate into soil at 6" depth by roto-tilling. Rake or drag the soil surface to achieve a smooth planting bed, then irrigate generously prior to planting. The application rate corresponds to approximately 6 cy per 1,000 square feet.
