Wilbros Organic Garden Compost

- Premium quality fruit and vegetable produce waste and local yard trimming where temperatures are held above 131°F for over 15 days and turned a minimum of 5 times to meet EPA standards.
- Organic Garden Compost is blended with topsoil and is ready for filling raised beds, containers for growing vegetables, herbs and flowers.
- Organic Garden Compost consists of approximately 75% compost screened through a 3/8" screen and approximately 25% topsoil.

PRODUCT SPECIFICATIONS

pH	6.0-7.0
C/N ratio	<20
E. C. (mmho/cm)	<3.5
Organic Matter (%)	50-60
Nitrogen (%)	1.25-2
Phosphorus (%)	.4-1.6
Potassium(%)	.1-.8
Calcium (%)	.4-1.2
Magnesium (%)	.04-.16
Total Bacteria (µg/g)	800-2000
Total Fungi (µg/g)	650-1200
Sand (%)	20-30
Cucumber Test (%)	100

Product Use

Evenly spread Organic Garden Compost at a 2" layer and incorporate into soil at a 6" - 12" depth by roto-tilling. Irrigate generously prior to planting. For optimum growing conditions maintain a 5% organic matter composition in soil. Add or reduce compost usage as needed.
